INTRODUCTION

We are pleased to announce a **CME on Uroradiology**. This is the first CME in our series of **“Radiology & Clinico-Pathological Seminars.”**

This is scheduled on **22 January, 2017** at Kokilaben Hospital, Mumbai. We invite Radiologists, Urologists and Post Graduates to attend and benefit from the event.

We believe Clinical Radiologists need to delve deeper into clinical data and pathology of disease process. Our intent with this seminar is to bridge the gap between radiological - clinical & pathological information of diseases.

The highlight of this CME is short lectures and interactive sessions with a panel of Radiologists, Urologists and Pathologists. Residents are encouraged to send interesting case presentations with radiology, clinical and pathological data for presentation over 5 mins. Three cases shortlisted from these will be awarded oral presentation at the CME and will receive certificate and prize. The CME will end with Uroradiology quiz and the winner will receive a prize.
